I love listening to Country

My ears bleed when I listen to Rap

My bigpapa drives me insanin when he listens to Jazz

I hate listening to Classical

feel like my head might explode when I listen to Opera

No one should listen to Opera

Love running around in my house listening to Country

I go insain when listening to Classical

I get an headach from listening Rap

Why did anyone have to invent Jazz

Me and my little sisters love messing with the nebior's playing Screamo

My second favorite music is Screamo

I despise Opera

I get irritated when listening to Classical

Old people listen to Classical
